Dear Governor Haley,

My name is John Antoniello and I am the Chairman of the Richmond County Republican Party here on Staten Island, NY

I wish to extend to you a formal invite to be our very special guest speaker at our annual Lincoln Day Brunch which we are holding on Sunday, March 8, 2015 beginning at 12 noon and continuing till 3 pm.

I know when you hear NYC, your first thoughts are that this is a blue state, and in some ways it is.

But we here on Staten Island are proud to be called the "Red Borough" and with good reason!

Our team of elected officials include the only Republican Borough President, the only Republican District Attorney, the only Republican Congressman in the entire city, along with 2 out of 3 City Councilmen, the only 2 Republican members of the NYS Assembly from the city, as well as a Republican State Senator.

So yes, even though we are part of this blue state of NY, we pride ourselves as being largely Republican when it comes to voting.

I know your ideas and actions as Governor would fit right in with our Republican base here on the Island, and it would be a distinct honor if you can attend this Lincoln Day Brunch on Sunday, March 8th.

We can provide you a room at the Hilton Garden Inn where this event will be held. Im hoping that we are giving you enough lead time so that you can fit this into your busy schedule.

We thank you for your consideration to be our guest speaker and I look forward to hearing from you or one of your associates in the near future.

You may contact me at my email: computer51@aol.com or call me on my cell phone: 917-359-3068.
