Subject: Interview The Expert Series, Elliott School

*Hi Nicole:*

*Please accept this invitation from The School of Media and Public Affairs from the George Washington University.*

*We cordially invite Governor Hayley to speak on her success as the first South Asian governor and her thoughts on the current campaign in the format of a predetermined questionnaire which would last 45 minutes. The topics are flexible. Geeta Chopra, The president of the graduate media and public affairs society, will conduct the interview at our Jack Morton Auditorium at The SMPA department. Ms. Chopra is a loyal follower of the governor.*

*Kindly revert back to us with your dates of availability if you can make the visit. The George Washington University would greatly honour to have Governor Hayley as our guest. We are flexible with dates and times although we would like to schedule this sometime in March.*

*Sincerely Yours,*

*Geeta Chopra*
