Swati,

Hope you're doing well. I think the media coverage of the joint letter was very good. Thank you so much for the opportunity to sign on with Governor Haley.

Governor Brownback has asked us to develop some options that he could pursue to stop any additional site visits that might possibly occur in the future and we have a legal option we would like to discuss with you. Could we arrange a call for you and I and our respective Chief Counsels sometime this week?

Jon

Thanks Jon. We will add your changes to the letter. I am copying our Policy Deputy in case we have any more changes. If not, we can coordinate signature and release of the letter tomorrow afternoon.

Swati,

Couple minor tweaks from the Governor in red. I think we are good to go unless you have other changes or additions. I've cc'ed our Communications Director so she can coordinate with yours on timing, signatures, press releases, etc.

Dear Secretary Carter,

We recently received notice that the Department of Defense is surveying the U.S. Naval Consolidated Brig in Charleston, South Carolina and the U.S. Disciplinary Barracks at Fort Leavenworth, Kansas to assess the possibility of housing Guantanamo Bay detainees. Simply put, we do not want them in our states.

The **people** being held at Guantanamo Bay are some of the worst **terrorists** imaginable, including the principle architect of the September 11, 2001 attacks—Khalid Sheikh Mohammed. In response to a previous attempt by this Administration to transfer these detainees to the United States in 2009, Congress unambiguously prohibited such transfers, and has repeatedly extended that prohibition every year since. Any detainee transfer from Guantanamo Bay to the United States would be a violation of federal law, a law we hope this Administration will respect and faithfully execute.

South Carolina and Kansas are **sovereign** states, with **strong** military members, and **excellent** military installations. We will not be part of any illegal and ill-advised action by this Administration, especially when that action relates to importing terrorists into our states. Please know that we will take any action within our power to make sure no Guantanamo Bay detainees are transferred to South Carolina or Kansas.

Most Respectively,

Dear Jon,

My name is Swati Patel and I am SC Governor Haley's Chief Legal Counsel and the soon to be Chief of Staff. Our governors spoke on the phone last week regarding the recent notification to our federal delegation that the Department of Defense is considering SC and KS and possibly other states for transfer of detainees from Gitmo. The governors would like to send a joint letter to DOD, and Gov. Brownback asked that we reach out to you. We have drafted a letter below for your review.

Let me know when you have time to talk through the letter. I also wanted to share Gov. Haley's cell phone number with Gov. Brownback. I'll give you that when we talk. I look forward to speaking with you soon. My cell is 803-665-0259.
