If you could paddle anywhere in SC's state parks, where would you go? The votes are in and people chose Devils Fork State Park as the Best Park for Paddling in the "Best of SC State Parks" awards. We're not going to argue as we love the sparkling, clear waters of Lake Jocassee and all of the waterfalls! Congrats Devils Fork! <https://southcarolinaparks.com/devils-fork>

Stevie Ray Kenward Being at Jocassee at 7am when they open gates. I've been on the lake in my kayak for 3 hours a couple of times without seeing another person or hearing a boat motor. Peace and serenity. Love it!

Jan Muellers Years ago we, Upstate Paddleboard, provided several of our Jimmy Lewis boards for a promotional movie being shot for Devils Fork SP - great to see one of the pictures! You got to post the movie again- it was beautifully done! 👍👏
