Jay,

We received some additional state dollars this year that offset sequestration. We have asked for more for next year. We'll see how that goes.

We are looking at options for dealing with unlicensed facilities and want to pursue human trafficking rather than operating an unlicensed facility. Any information you can provide would be appreciated.

Thanks.

Tony

Hi Tony,

Yes, we have taken the approach using of pursuing uPCH using the framework of human trafficking.

I'll get you some information. Nothing from Costas on closing grp dining, we are revising our policies now. Sequestration is also hitting us pretty hard this FFY - while we've not heard anything directly, we are projecting a 17% reduction in OAA funding - primarily from C1 and C2 funds.

How are things going in SC?

J

Jay,

I believe you told me you were pursuing operators of unlicensed long term care facilities under human trafficking. If so, could I get some of the details. If not, do you know of a state pursuing this?

Have you received any feedback from Costas on your plan to close group dining sites?

Thanks.

Tony
