Hello!

I have created a platform "Carolina Solar Connect" to help share information with people in SC about the awesome incentives SC and the Federal government offer for homeowners to switch to solar energy.

We strictly provide information regarding solar, the incentives, and ways to go about seeing if one's home is ready for solar.

We created a free SC Solar Homeowner's Guide and I was wondering if you would be willing to share it with your fans?

Here's the opt-in page! <http://scsolar.carolinasolarconnect.com/2017-solar-cheat-sheet/>

Please let me know if you have any questions or would like any additional information.

Thank you!
