Yes ma'am I will be. Please call my cell 803-522-1048.

On another matter, you saw our email on Monday re; SRS budget. If the Governor could reach out to all members of the SC Congressional Delegation and ask them to support the budget it would be appreciated. It contains good numbers for SRS and some positive things for the Port of Charleston. Unfortunately I do not know the specifics on Port money.

We believe if all the members voted for the budget it would help deliver that strong message, we talked about in our December visit, being sent to DOE.

Best regards
Will
