---

Are you available for a brief call today?  
If so, what time works with you?  
Thank you,  
Katherine

Katherine

As we come down to the wire on the August 4th event, I wanted to sit down with you and go over the details.

On Thursday on next week, July 16, we are meeting with DPS, DMV, DOT and the Darlington team to participate in a walk through at the rest area located just set of US 601 in Lugoff west bound lane to I 20. We are meeting there to run through the activities located there then moving into town to possibly participate in a mansion walk through. (Leroy is Coordinating) If your schedule allows, it would be great to have you join us either at 10 at the rest area or at 1130 at the Mansion?

Im most anxious about the invitations the Governor is sending out for this event as it is only 3 weeks until the date of the reception. Lena Smith and I have forwarded the invitation list and I have attached below.

I look forward to seeing you next Thursday.

I think we should add Mark Elam from Boeing to this list as well.
