All,

See my attached analysis of Shealy's bill. Let me know if you can't open it.

I spoke with Jessica tonight after I finished this. Under the bill, the new DSS agency is required to meet face to face with the alleged victims within 24 hours. That would be the highest standard in the country. At this point, they're required to meet within 24 hours or make good faith efforts to meet.

The bill basically just removes SNAP/TANF from DSS and transfers to HHS. The rest of the bill basically renames DSS and creates this 24 hour hotline and requires certain parties to send reports of abuse and neglect and through the hotline process. It also creates CDV county coordinating councils with the solicitors' offices, etc.
