I've already answered all the questions I've been forwarded.

The formatting/pagination of the new version's messed up...it's 8 pages now. The far left column also won't work correctly this way, for how the cell-merging had been set-up there.

On Veto 23, I would add that HHS requested the veto, since they're the ones who put it together.

I don't think there's anything to add or worth adding on the pay raise – they're familiar with their own compensation and there are very few moving parts. I was planning on trying to put something together on First Steps tonight, though.

Attached is the budget veto quick reference tool for the General Assembly for tomorrow. Please review and email Haley any updates, changes, and/ or corrections.

Any updates about veto 23? Any thoughts on how we should display 23 on the quick reference tool?

Any talking points or one pager for First Steps and the Pay Raise would be helpful.

Any status updates regarding the support letters for vetoes? Keck, Duane, Zais, Hitt?

Any background information from emails today regarding the vetoes would be helpful.

Clinch Team Members – Norman, Atwater, Bedingfield, we will ask more at the legis briefing.

8 House members have confirmed for tomorrow Q&A.
