I know you know about DEW's rock star senior staff (especially Jean Cecil, Teesha and Darrell), but wanted to brag a little that even the Executive Budget Office has recognized their greatness, particularly with respect to their formulation of our Accountability Report! It's nice to hear that DEW is being touted as a standard bearer thanks to their amazing efforts.

See below. I plan to follow up with Dan, but it is nice to know that the EBO is touting DEW's report as the one to look too!

Hi Jean Cecil,

I helped conduct some EEO training at DEW several weeks ago, and met you during one of the training sessions.

Today, I had a call from the Executive Budget Office about the SHAC strategic planning template, and as a result of our conversation, I inquired as to which agency had a good template and they stated DEW. Therefore, I looked at the DEW report and was reminded (from the conversation with you several weeks ago) that you were the DEW Accountability Report contact person.

I also noticed where you all used USC for strategic planning and Human Affairs also used that group during the early part of 2014. As a result of that similarity and the fact that the EBO stated you all did a great job, could you call me at 737-7832 to discuss a couple of questions about the formulation of your strategic planning template?

Thanks,
