

**MINUTES**

**Meeting of  
December 4, 2008**

The regular monthly meeting of the Department of Transportation Commission was held at the Marion City Hall, Marion, South Carolina at 2:00 p.m. In compliance with the Freedom of Information Act, the news media was advised in writing of the time, date and place of this meeting.

**Present**

**Absent**

Hugh Atkins, Chairman, Presiding  
Charles E. Dalton  
Danny Isaac  
Sarah Nuckles  
Henry Taylor  
Marvin Stevenson

Also Present: H. B. "Buck" Limehouse, Secretary of Transportation  
Glennith Johnson, Deputy Secretary for Mass Transit  
Debra Rountree, Deputy Secretary for Finance and Administration

**SECTION 1:**

On motion of Commissioner Taylor, seconded by Commissioner Nuckles, the Minutes for the meeting of October 16, 2008, copies of which had been previously mailed to each member of the Commission, were approved.

**SECTION 2:**

On motion of Commissioner Isaac, seconded by Commissioner Stevenson, the Commission unanimously passed a motion to approve the Recommendations as submitted by the Department including a "cuff" item to execute contracts on two CRISOS projects, as shown in detail in the Appendix.

**SECTION 3:**

On motion of Commissioner Isaac, seconded by Commissioner Taylor, the Commission unanimously approved an amendment to the Bridge Program to include previously approved off-system bridges into the STIP, as shown in detail in the Appendix.

**SECTION 4:**

On motion of Commissioner Isaac, seconded by Commissioner Nuckles the Commission unanimously approved an amendment of the CHATS Transportation Improvement Program for inclusion in the STIP, subject to the completion of the public comment period, ending December 20, 2008 and shown in detail in the Appendix.

**SECTION 5:**

On motion of Commissioner Isaac, seconded by Commissioner Dalton, the Commission unanimously approved an amendment of the GSATS Transportation Program for inclusion in the STIP, as shown in detail in the Appendix.

**SECTION 6:**

On motion of Commissioner Taylor, seconded by Commissioner Nuckles, the Commission unanimously approved the request of the Department to ratify the proposed criteria for the Central Midlands Council of Governments (COG) to allow their application to the Central Midlands COG project selection process. The criteria is in compliance with Act 114 and shown in detail in the Appendix.

**SECTION 7:**

Commissioner Isaac reported for the Enhancements Committee and made a motion that SCDOT's federal transportation enhancement funds be used exclusively for pedestrian facilities, bicycle facilities, streetscaping and rail corridor preservation, with the first three categories being applied specifically to the MPO and Non-MPO programs and that, beginning with the 2009 cycle, the funding cap for non-MPO projects be increased to \$400,000 with a minimum 20% match. The motion was seconded by Commissioner Stevenson and passed unanimously by the Commission.

**SECTION 8:**

Commissioner Nuckles reported for the Audit Committee and thanked the staff of the Office of the Chief Internal Auditor for their work. The Committee received a positive report from Mr. Scott McElveen, CPA on the Single Audit Report. Commissioner Nuckles made a motion to amend the Audit Committee agenda by adding the word "draft" in IV. Item should read "*Presentation of **Draft** Internal Audit Report on Corrective Action Taken by SCDOT Management in Response to the Legislative Audit Council Report of November 2006.*" The motion was seconded by Commissioner Taylor and passed unanimously by the Commission.

In accordance with the requirements of Act 114, the committee went into Executive Session for the purpose of reviewing the Draft Report. The final report will be available to the public at the January Commission meeting. No other action was taken by the committee.

**SECTION 9:**

There being no further business to come before the Commission, the meeting was adjourned at 3:40 p.m.

Hugh Atkins,  
Chairman Presiding

South Carolina Department of Transportation

TRANSMITTAL FORM

For Commission Meeting of: December 4, 2008

- RATIFICATION
- APPROVAL
- CERTIFICATION
- FOR INFORMATION ONLY
- CUFF ITEM FOR APPROVAL

**DETAILED DESCRIPTION:**

Request Commission approval of the additions, deletions and corrections to the State Highway System as shown on the attached pages. This request includes 20 segments of the secondary road system resulting in a reduction to the secondary of 2.20 miles.

### Removal of Roads From State Highway Secondary System

The Department recommends Commission approval for the removal of certain sections of secondary roads from the State Highway Secondary System. These sections of roads may be removed for one of the following reasons:

1. Abandonment of Relocated Section of Highway
2. Deletions and Removal of Roads from State Secondary System - Roads may be deleted and removed from secondary system by exchanging for equal or less mileage or roads, which have a higher traffic importance. Ownership reverts to local government having jurisdiction (city or county). Approval of deletion or removal by local government is not required.
3. Abandonment of Right-of-way - Right-of-way may be abandoned if it is determined that the right-of-way is not required for right-of-way proposes or if the right-of-way is not needed for Department purposes.
4. Court Order

### Correction of Description of State Highways

The Department recommends Commission approval of the correction of the description of sections of State Highway previously added to the State Highway System. The description of roads currently in the State Highway Secondary System may be changed for relocation purposes, to revise the description of the termini to show what was actually constructed by contract, county line changes, or a change in the secondary road number.

### Additions to State Highway Secondary System

The Department recommends Commission approval to add sections of road to the State Highway Secondary System for construction and maintenance. The Department may add roads to the State Highway Secondary System by request of the County Transportation Committees contingent on mileage being available under the current mileage cap. Roads may be added to the State Secondary System by the construction of a new roadway, accepting existing county/city roads into our Secondary System by the swap method, or by county line changes. Roads added to the State Highway System must be constructed to Department standards or reviewed for compliance with Department standards.

### Rescind Action Adding Roads to State Highway Secondary System

The Department recommends the Commission rescind its previous actions adding roads to the State Highway Secondary System for construction and maintenance. The Department may rescind action on roads, which have not been constructed and formally accepted into the State Highway Secondary System. Roads may be rescinded due to right-of-way being unavailable, problems arising during construction, or funding issues.

### Transfer of Road between Secondary and Primary Systems

The Department recommends Commission approval to transfer sections of road from the Secondary System to the Primary System, or vice versa. Pursuant to the provisions of Section 57-5-50 of the Code-of-Laws of South Carolina, 1976, the Commission may transfer any route or section of route from the state highway secondary system to the state highway primary system, or vice versa, when, in its judgment, such transfer is advisable to better serve the traveling public.

Detailed information concerning each of these requests is attached.

1. Road S-651 – Spartanburg County – Fourth District

During construction of improvements on Road S-651 (Canaan Road), under File 42.602 in Spartanburg County, near the City of Spartanburg, the Department acquired right of way for Road S-651 (Old Canaan Road), by Right of Way Easement from Sarah C. Gaskins and Emily C. Creal dated January 24, 1964 at no cost to the Department.

The City of Spartanburg was managing a C-Fund project to realign the intersection of Road S-651 (Canaan Road) and SC Route 295 (Anita Drive). It was agreed that the city could use the old right of way to exchange in acquiring the new right of way needed for the project. The grantees are the adjacent property owners on both sides of the new road and the old road. This conveyance will provide protection for the existing utilities, which are located within the right of way to include any drainage that must remain. The project is now complete and documents conveying the new right of way have been executed. Therefore a gratis Quitclaim Deed conveying approximately 2.2 acres of land to Creal Family Limited Partnership, Robert L. Cudd, Individually and as Trustee for Anne K. Cudd, under Trust dated January 21, 2000, Dean C. Gaskins, Lee O. Gaskins, Jr., Patricia C. Gaskins, Larkin Gaskins, Nancy G. Floyd, Jay Wesley Floyd, Elizabeth G. Barkley, David Barkley, Sarah G. Burnett, Guerry Burnett, and Bogenhi, LLC was executed on September 25, 2008.

This is for a commitment made prior to June 27, 2007.

2. File 42.514A – SC Route 290 - Spartanburg County – Fourth District

During construction of improvements on SC Route 290 under File 42.230 in Spartanburg County, near the Town of Reidville, the Department acquired Right of Way for SC Route 290 from Jess Brown by Deed to Right of Way dated March 5, 1940 and from L.P. Brown by Deed to Right of Way dated January 19, 1940.

A request was made by the adjacent landowner for an irregular shaped parcel created by the relocation of SC Route 290 under File 42.514A. The request was circulated to the engineering sections to determine if said parcel could be declared surplus. After review, it was determined that the parcel was surplus to Department needs. Therefore, a Quitclaim Deed conveying approximately 0.29 of an acre of land to Poplar Springs Full Gospel Church was executed on September 8, 2008 in consideration of \$3,000.00.

The Commission approved the sale of this parcel on July 18, 2007.

3. File 32.147B – SC Route 60 – Lexington County – Second District

During construction of improvements on SC Route 60 under Project 663-B, the Department acquired right of way for SC Route 60 from Lexington Power Company by Right of Way Easement dated November 25, 1927, and under File 32.663, from South Carolina Electric and Gas Co. by Right of Way Easement dated October 31, 1977.

During negotiations for right of way acquisition on SC Route 60 under File 32.147B, a settlement was reached which contained a stipulation that excess parcels created by the relocation of SC

20

Route 60 be deeded to the adjacent landowner, South Carolina Electric & Gas Company. Therefore, a gratis Quitclaim Deed conveying approximately 0.24 of an acre to South Carolina Electric & Gas Company was executed on October 10, 2008.

This is for a commitment made prior to June 27, 2007.

4. File 32.143B – SC Route 302 – Lexington County – Second District

During construction of improvements on Road S-647 under File 32.620, the Department acquired right of way for Road S-657 from John E. Fitts, Sr. by Right of Way Easement dated April 15, 1974.

During negotiations for right of way acquisition on SC Route 302 under File 32.143B, a legal settlement was reached whereby SCDOT would exchange a portion of the abandoned roadbed of Road S-647, containing approximately 0.34 of an acre, for right of way needed for the new project. Therefore, a gratis Quitclaim Deed conveying approximately 0.34 of an acre to F & D Electrical Contractors, Inc. was executed on October 10, 2008.

This is for a commitment made prior to June 27, 2007.

5. File 23.327A –Route 385 - Greenville County – Fourth District

During construction of improvements on Route I-385 under File Number 23.327A in Greenville County, near the City of Simpsonville, the Department acquired Right of Way for Interstate Route 385 from Gary E. Carbaugh and Betty R. Carbaugh by Title to Real Estate dated November 14, 2003.

A request was made by the adjacent landowner for a parcel of possible surplus. The request was circulated to the engineering sections to determine if said parcel could be declared surplus. After review, it was determined that the parcel was surplus to Department needs. Therefore, a Quitclaim Deed conveying approximately 0.08 of an acre of land to Charles R. McCurry was executed on October 29, 2008 in consideration of \$3,000.00.

The Commission approved the sale of this parcel on September 18, 2008.

## DETAILED DESCRIPTION:

It is requested that the Commission ratify this extension on S-493 (Greyback Road) to resurface the County maintained section for 0.29 miles.

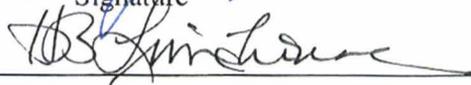

Total cost of this extension is \$52,402.14. Funding for the extension will come from the Dorchester County Transportation Committee. The County will continue to maintain their portion of Greyback Road. (Original contract amount \$150,778.32)

Due to the fact that the contractor is actively working on this project, it would be in the interest of the public and the Department to take advantage of the competitively bid unit prices and extend this work to File 18.037291A.

In accordance with Code of Laws of South Carolina, 1976, Section 57-1-370 (M) and (N), and SCDOT Standard Specifications of Highway Construction 2007, Section 104.04.

## DETAILED DESCRIPTION:

Recommendation for one (1) project in the October 14, 2008 Highway Letting

Request for Commission to ratify the execution of the contract on one project in Beaufort County which is part of their sales tax program that SCDOT is administering. This resurfacing project consists of a 3.56 mile section of US 278 Business (William Hilton Parkway) on Hilton Head.

The project has an April 10, 2009 completion date in order for the construction to be completed and work zone cleared prior to the Heritage Golf Tournament.

SCDOT committed to the County and Hilton Head to develop and complete the project prior to April 10, 2009, and therefore needed to move ahead with award and execution of contract.

DETAILED DESCRIPTION:

SCDOT requests Commission approval to enter into an agreement with Stantec Consulting.  
Due to the excessive workload within the Upstate RPG, this contract is necessary in order to  
complete final construction plans for the design of the intersection at SC-183 @ Blue Flame  
Drive and SC-183/SC-8 @ E. Jewel Street in Pickens, SC. This project is located in the Third  
Congressional District within the GPATS MPO in Pickens County. The agreement is in the  
amount of \$169,063.17. Funding has been made available through the GPATS intersection  
improvement plan. The execution of the Basic Agreement with the 15 General Engineering  
Services firms was approved by the commission on February 21, 2008. (p.53)

## DETAILED DESCRIPTION:

1. Request Commission approval to enter into "Basic Agreements" for a 3-year period with four firms to provide "On-Call" video/laser deflectometer pipe inspections on a statewide basis in conjunction with the new Pipe Alternative Specification (SC-M-714) and associated services. These firms are Dennis Corporation; F&ME consultants; Florence & Hutcheson, Inc.; and RPM Engineers, Inc. The Commission approved the Department to advertise, select, and negotiate these On-Call services on August 10, 2007.
2. No specific project is identified within these "Basic Agreements". The individual projects will be identified at a later date based on projects that include new pipe construction under the SC-M-714 specification.
3. No specific cost is included within these "Basic Agreement". The cost of future services will be project specific and based on the size, type, and location of pipe associated with a specific construction project.
4. Also, request Commission approval to enter into agreements with these firms without further Commission action in an amount not to exceed \$500,000 per year per firm for the next 3 years. This will allow inspection services to be executed without unnecessarily delaying contractor payment and acceptance of installed pipe.

### DETAILED DESCRIPTION:

Due to current workload requirements of existing projects and projected workload of upcoming projects that will be performed in-house, it is recommended that the SCDOT select an engineering consulting firm to assist with the development of this project. The Department does not have sufficient staff to develop this project within the required time frame without delaying development of other critical projects. The recommended consultant to perform bridge design and geotechnical investigation is Hussey, Gay, Bell and DeYoung, Inc. The project consists of replacement of the S-19 bridge over Knowles Island Creek and S-247 bridge over Jessie Creek in Jasper County. The amount of the contract is \$208,444.67. These projects reside in the 2nd Congressional District. Funding for the project has been previously approved by the SCDOT Commission as part of the Federal Aid Bridge Replacement Program. The contract has been negotiated in accordance with Departmental Directive 41. The project consists of replacement of an approximately 140 foot long bridge over Knowles Island Creek and an approximately 70' long bridge over Jessie Creek. Consultant services will include bridge design, geotechnical exploration and construction services.

COMMISSION AGENDA  
FORM

For Commission Meeting of: December 4, 2008

- CUFF ITEM FOR APPROVAL

**DETAILED DESCRIPTION:**

Due to current workload requirements of existing projects and projected workload of upcoming projects that will be performed in-house, it is recommended that the SCDOT enter into a contract modification with Triplett-King to continue with the development of this project. The Department does not have sufficient staff to develop this project within the required time frame without delaying development of other critical projects. SCDOT requests Commission approval to enter into a contract modification with the engineering consultant for the purpose of completing plans for the replacement of an existing moveable bridge on SC 41 crossing the Wando River in Berkeley and Charleston Counties. The amount of the contract modification is \$1,368,337.78.

The project is located in Congressional Districts 1 and 6. The project consists of replacing the existing moveable span bridge crossing the Wando River along with intersection improvements at SC 41 and S-33 (Clements Ferry Road). Bridge replacement funding will be used for the project. Consultant services include surveys, design, utility coordination and construction services.

The project is ranked 12<sup>th</sup> on the FY 2008/2009 Federal Bridge Replacement Program list which was approved by the Commission September 19, 2007.

### DETAILED DESCRIPTION:

The attached report includes detailed information regarding work requests received by SCDOT during the period from September 16, 2008 - October 15, 2008. The included requests meet the criteria described in SC Code of Laws Section 57-1-370 (N). The requests are separated into four categories and sorted by congressional district. The four categories are: (1) Items recommended for approval based on approved objective and quantifiable factors; (2) Items recommended for approval based on factors other than approved objective and quantifiable factors; (3) Items not recommended for approval; and (4) Pending items. Also included are requests that were previously in pending status and now have a recommendation. Attached is a summary breakdown for the work requests by Congressional District.

Secretary of Transportation 460 Items Not Approved												
Cong Dist	Req.#	County	Request Type	Requestor	Meets	Approval	Type	Route	Road Name	Justification		
1	362410	GEORGETOWN	Signage of Routes	KATHLEEN BAXLEY	N	N	S	4	CHOPPEE ROAD	THE REVIEW DOES NOT SUPPORT A REDUCTION OF THE SPEED LIMIT. HOWEVER, IT IS RECOMMENDED THAT A 45 MPH SPEED ADVISORY BE IMPLEMENTED BECAUSE OF INTERSECTION-RELATED CONDITIONS. ALSO, THE "STOP AHEAD" SIGN SHOULD BE REPLACED. (SEE LETTER DATED 9-23-08 [S44LS8(9-08)]).		
1	361911	BERKELEY	Signage of Routes	DAVID JOHNSON	N	N	S	16	JEDBURG ROAD	ROADWAY WAS REVIEWED AND 55 MPH SPEED LIMIT IS APPROPRIATE. SIGHT DISTANCE IS SUFFICIENT FOR CURRENTLY MARKED PASSING ZONES. NO CHANGES ARE RECOMMENDED.		
1	367109	HORRY	Signage of Routes	PHYLLIS OTT	N	N	US	17	HWY 17 BUS 2660	IT IS NOT FELT THAT DEER CROSSING SIGNS ON A MAJOR HIGHWAY WOULD BE EFFECTIVE. DO NOT RECOMMEND.		
1	356379	CHARLESTON	Traffic Signal	ANTHONY KING	N	N	SC	642	DORCHESTER ROAD	BASED ON THE DATA GATHERED IN OUR STUDY AND ON FIELD OBSERVATIONS, LEFT-TURN PHASES FOR THE EASTBOUND AND WESTBOUND APPROACHES OF DORCHESTER ROAD ARE NOT RECOMMENDED AT THIS TIME. THE LEFT-TURN VOLUMES FROM SC-642 ARE NOT AT A LEVEL THAT WOULD JUSTIFY LEFT-TURN PHASING.		
1	355686	CHARLESTON	Traffic Signal	MICHAEL MATHIS	N	N	S	670		BASED ON THE ANALYSIS OF THE DATA PROVIDED BY THE CITY AND ON OUR FIELD OBSERVATIONS, A LEFT-TURN PHASE FOR THE SOUTHBOUND APPROACH OF PRESIDENT STREET IS NOT RECOMMENDED.

MEMORANDUM

**TO:** Debra Rountree, Deputy Secretary of Finance and Administration  
**FROM:** Michael D. Covington, Director of Administration *MAC*  
**DATE:** October 1, 2008  
**RE:** Additional Programs for SRTS 2008 Cycle

I have re-thought our Internal Partnering Pilot for SRTS 2009 Federal fiscal year. There is \$1 million dollars that we had planned on using to expedite the implementation of eligible SRTS activities in a cost effective manner by including them in larger highway projects as they are developed. It is my opinion that we should use \$600,000 to fund three additional programs in the 2008 SRTS Cycle. It is my recommendation for Commission to approve funding three additional programs for the SRTS 2008 Cycle. Thus leaving \$400,000 for the Internal Partnering Pilot.

Tesa P. Griffin, Liaison for Transportation Programs  
Patricia "Patti" D. Sistrunk, SRTS Coordinator
