This looks kind of familiar, but I don't know if anything's been done. Catherine, please arrange to sit down with them for 15 minutes during session.

Subject: FW: Meeting Request - April 26 ~ Website email from Brydon Ross

Good Morning, I am doing an end of the week dig through the Ltgov inbox. I am not sure if this is being looked at by either of you but it also looks like I may have accidentally marked it as one for me to send a form response too, which it is not. So I just wanted to make sure it was on your radar.

Best Regards,
Catherine McNicoll

Subject: Meeting Request - April 26 ~ Website email from Brydon Ross

Lt. Governor, Bryan, My name is Brydon Ross and Iâ€™m the Vice President of Consumer Energy Alliance (CEA). By way of background, CEA was created in 2006 to bring consumers, manufacturers and producers together to promote energy security, affordable and reliable supplies, and economic growth. Nationally we have over 250 member organizations ranging from academia, conservation organizations, chambers of commerce, and manufacturers as well as over 450,000 individual grassroots members across the country that care about energy supply and prices. Our South Carolina membership includes the Chamber, Manufacturerâ€™s Alliance, the Truckers, Dominion, SCANA and several more. I wanted to inquire if you or a member of your team may have availability to meet on April 26th? The purpose of the meeting was to highlight CEAâ€™s advocacy work across the South Carolina, the Southeast, and the country on critical pipeline infrastructure development, solar policy, and other campaigns as well as our work with the new Administration. Thank you very much for your time and consideration of this request. Sincerely, Brydon Ross VP of State Affairs Consumer Energy Alliance 859-685-1023, direct 832-609-2088, cell
