COMMENTS:

Today 2/27/15 Travis said he spoke to
 Warden Cohen about his hand being
 broken and Warden Cohen told his he did not
 want to see it when Travis tried to show
 him, and he walked off. If this is the
 attitude and level of care and concern your
 institution have for its inmates, this
 facility should be in the public's view.
 your statement outside your entrance door
 to your facility door states: you will
 protect your inmates not put them
 in harm's way. and for a Corpal to
 spread such statement as he or she did
 is not professional, and should be
 addressed to our Atty General and
 Congress Mr. Haly. I am requesting Travis
 be moved to another facility. (Mr. Douglas)
 if possible. Corp. Thomas has put his life
 in danger there and I don't as his mother
 feel he should stay there. No prison employee
 should be allowed to jeopardize the life of
 any inmate, its not the professional
 thing to do. I am also sending my concerns
 to Gov. Haly & Congressmen Jim Scott.

Thanks, Ms. Jones
