Brief Subject: Road Repairs

Do not suggestions:

1- Do not raise tax on gas because:

(A) people on Social Sec. would be hurt due to tax increase on trips to Doctor visits, grocery Bills caused by a gas tax, etc. etc.

(B) Low Wage people drive to work places,

would have reduced income due to higher gas prices.

(C) list goes on!

2- Do suggestions:

(A) put tax on alcohol products, example 6 Pack of Beer cost not much above soda six pack.

(B) put taxes on Boat trailers, if rich enough to have such toys, would not hurt the rich, list could go on.

(C) think Better way than gas tax which hurt working class ^{harder}

Any new taxes go toward Hy. Repairs

thanks,

Robert Escal
