DeAnne,

We are getting ready to start our Oversight Hearing shortly and, therefore, we will likely be unable to respond to emails for a couple hours. However, I wanted to provide you the requested letter and response. Once we finish our hearing, we will review our files to identify any other correspondence and follow-up tomorrow.

I do want to clarify one thing, Director Alford did notify the House Oversight Committee during our November 9, 2015, hearing that the Department was in talks with DEW and Director Stanton to transfer the SNAP E&T program to DEW. Therefore, it is my understanding, that we have not had one-on-one communications regarding the transfer with members of the General Assembly. However, Director Alford made the House Oversight Committee aware that talks were underway to transfer this program.

Thank you very much.

All the best,  
Karen

Karen - You have sent me the letter from the feds but I have not received any of the letters or info sent to them by DSS.

Maybe I should clarify that my reference below didn't mean just the letters written by the feds...I want to see what DSS submitted to the feds and any correspondence between you and DEW.

I want to clarify that I am inundated by my democratic senators about how you had the authority to take this action. I am trying to be responsive to them.

I do want to thank you for being responsive. So far DEW has not responded at all.

The attachment makes reference to a Dec. 23 letter related to this transfer that you received from the feds. Could you please provide this December 23 letter and **any other letters related to this transfer.**

Ken Harris of our staff is reviewing for us and may follow up with you with more questions.
