#3 on Director Phil's list of things to see & do in South Carolina's state parks - Take the easy walk to the Carrick Creek Falls on the Table Rock Trail. The falls are beautiful, but there is a lot going on at this spot. Geology students come from all over to see the "folds" in the rock, and the stair steps just above the falls. <https://southcarolinaparks.com/table-rock>

Peter Bendal Kear How did you get a picture in the daytime without anyone being in that pool or playing under the falls?

Jenna Katherine The stairs take you to the trails Amanda Brand! You can also go kayaking and they have a diving board with a little beach area you can hang out in right across from the water fall area! Look out for Copperheads on the trail though up the stairs. We saw a ton last time we went!
