Subject: Letter to Congressional Delegation RE VDHCBs

Attachments: 2017-12-8 Bryant LT Congressmen VDHCBs.docx

---

Good Afternoon attached is a draft letter to the Congressional Delegation regarding the VDHCBs program. I believe this draft is only a starting point and needs input for all of you. I would like to ask that Darryl and Anne take the first shots at the letter and let me know if I have missed any historical details from the last approx. two months. Once we have the background covered I will ask that we review what the overall message to the delegation is.

Currently my thought is that the message should be "This program is terminated, we did not have a voice in the process, and there are still loose ends that Dorn VA is mishandling/ not handling."
