

Congratulation on the election.

I do know you are busy.
But please take the time to read this.

Dear Gov. Haley,

12-27-14

I am aware. that it has only been a short period of time since I wrote you. But I feel this matter is very serious. I was recently given some information about a Un-solved Double murder in Lexington County.

I am willing to demonstrate to you and the law in this state, that I will step-up to the plate and put my neck on the line. If allowed or given the opportunity, I will solve this 30 year old double homicide. I would be willing to testify in a Court of law on behalf of the state or law if needed.

this was a possible cover up by the Sheriff and one of his employee's.

Please allow me to say this. I have spent 25 years in prison for a murder that I had nothing to do with.

I was put in prison by a Crooked aled agent Name Paul Pittard. He was fired by aled. Feel free to check the record. aled continues to keep his crooked record covered-up. In return I am paying the price.

they claimed I killed a fellow from the state of Georgia. Not true. But I have done 25 years in prison so far.

the fellow they claimed I killed. Had just come out of Federal prison. For fatal Whipping on FBI. agent just about to death.

If I got to be labeled a rat for the law, then I am willing to do that.

So I am asking for a little compassion from you. As to the fact. My mother will be 88 years old in March. I feel I need to be there for her at this point. I feel I owe her that much. (Please help me.)

I am 61 years old. I have lost half my eye sight in prison (legally blind). In the past 4 months I have been to the heart doctor 3 times at Palmetto Health. I have 3 electrical blocks in my heart. I am only for a cost to S.C.D.C. in the future. The law works deals every day. You know this & I know this.

I ask for your help. To get a deal on the table & let me solve this 30 year old Double murder. this would give some family from Lexington County. Closure. THANK YOU,
Willie Allen, Sr.
