Hi Tejal,

Hope your holidays were good!

I finally got the approval back on the **authorization for the \$284,450.00 grant for the MCSAP CDL project**. I have the account numbers and need to get it loaded, so I need the transfers for the breakdowns. Are you still handling this, or if not, who would I contact to get the information.

The account numbers are as follows:

The **holding account number is 5010 49 9009**

The **grant account number is 5011 49 6500**

The **match account number is 1041 49 6500**

The process is that I'll load the \$284,450 authorization we received into the holding account in the different object codes and then transfer it into the grant account. The match will be transferred from whatever account number(s) you have the money in now to the new account number.

Let me know if you have any questions or if I need to forward this info to someone else.

Thanks,
Donna
