**Subject:** 7/4 2 pm Restoration Status

---

1st restore still running slowly.

2nd restore failed and they are working out issues and will restart shortly. DOA is asking vendor to hire someone locally to come in to help out in addition to code red team on call.

Jose's meeting with program staff went well. They will have all June data loaded by morning and are testing work-around. Will need to meet in morning to discuss rolling it out and getting applications back online.
