## South Carolina State Parks

at 0:00:00 on 2/09/2018 UTC · 🌐

Join us at Chester State Park this Saturday at 10 a.m. to learn how CCC Company 4475, an African-American unit, and two other companies built Chester State Park. We'll have a slide presentation followed by an informative hike to see structures that still exist today! \$2/person, park admission. More info: <https://southcarolinaparks.com/products/10004609>

**Michael King** My father was a part of the CCC when he was young.
