Georgia Walters Currently at Hickory Knob. Was pretty gusty this morning.

at 14:09:04 on 10/29/2020 UTC

Jennifer Smith Haig At the Keowee Toxaway Cabin now, don't know how the rest of the park is but seems good here. That wind was slamming stuff against the cabin early this morning though and the lights flickered but stayed on.

at 14:13:10 on 10/29/2020 UTC

Nina Carnell Jennifer Smith Haig we left there yesterday. Want to check out that cabin sometime

at 14:52:42 on 10/29/2020 UTC

at 15:54:20 on 10/29/2020 UTC

at 15:58:33 on 10/29/2020 UTC

Michael Thomas Santee State Park has wind with occasional high gusts but all else is good. Crappie being caught off pier cabins.

Katie Davis Miranda Anderson I know they are without power and trees are down. Read

-  **Alex Leibowitz** Miranda Anderson call the call center and they can check. Some parks if you check in after they close will require a gate code so make sure to ask that also.

Tracy Pocta The park is open. There is no electricity in campground. Cabins 1-6 have electricity. That's as of about 9am when I got to talk with someone. She said they are working on it, so may have electric up soon, but no promises. We are on our way with coats and extra blankets just in case. She said they were getting generators for water since they are on a well.

Nc Kayakr Never got through on the phone to the visitors center and the person on the 800 number was unsure about access and electricity specifics. Drove down Fri am and it was open.
