Subject: THE FLAG. !!!!!!!!!!!!!!!!

Folks, last night I came down really hard on Governor Nikki Haley <<https://www.facebook.com/NikkiHaley>>. At the start of her first run for the Governor's office of the Great State of South Carolina, I held her on a very high pedestal, and thought of her as only second to Sarah Palin <<https://www.facebook.com/sarahpalin>>. I had the chance to meet her once at a town hall meeting in the Myrtle Beach area. After she was elected to office, she did so much to help the state, that I almost thought she walked on water. I have always held her in much regard. Last week she really made me proud when she told Rev. Sharpton to stay out of Charleston so that he could not stir up a racial issue in this terrible tragedy that took place at the church. I stood proud, and said that's my Governor. She stood up against people like Obama and Sharpton that love to stir the pot. Now, on Monday the 22nd, she did a complete flip flop and went against her campaign promise. Now I see that I should have slammed her harder here on social media. She has let down the non-racial folks of this Great State. She did something Obama has never done. She hit the main stream media all over the globe faster than the speed of light. Please help me out here. WHAT WAS SHE THINKING ??????? Her words are now the NEW SHOT THAT HAS BEEN HEARD AROUND THE WORLD. !!!!!!!!!!!! Folks, I was born in 1960, and grew up in New England (Rhode Island). As children, we knew nothing of racial tension. My family moved to the deep south (Tennessee) in 1968. There and then is where I was educated about racism. I did not like it then, and I don't like it today. Trust me when I tell you, it was very hard for a Yankee boy to fit in the south in the late 60s. But, with the help of some very

good friends from Halls and Dyersburg, I made it through it. It did not go without getting my butt handed to me a few times. But, I learned a big lesson. Most of us children were not sure why it was going on. Only the adults did. Now, move ahead a few years and my family moved to South Carolina in the summer of 1975. Over the years racism faded and when I hit high school, we all got along very well. I had many black friends, and guess what ??? we all got along, and racism NEVER came up in a conversation. After school, I entered the work force. Guess what ?????? We all got along. !!!!! Aint that something. Who would have ever thunk. ?????? Now, fast forward to these last 7 years, and we now have a black president that is doing everything he can to dig up the past that we had nothing to do with. Between Obama and Sharpton, they are doing everything they can to divide our country again for no other reason but their own agenda. Now, I WILL SAY THAT I FEEL THAT ALL MY BLACK FRIENDS WILL STAND WITH ME ON THIS. !!!!! Obama, Sharpton, and haley, if you really want to start another race war, THEN WE ARE READY TO FIGHT. !!!!!!!!!!!!! But not for a race war, but a war against all the corrupt politicians that are trying to start a race war. Nikki Haley, your political career is over.
