Fox Health Policy Consultants is conducting a study of Medicaid and other state health programs for adults with cystic fibrosis in all 50 states. We are interested in learning about your state's eligibility options for this population and also any fiscal and policy changes that might affect adults with CF. I have reviewed your state plan documents and other relevant information on program eligibility from your website and other sources, so many of my questions are to verify information. I anticipate the questions should take 5-10 minutes to answer.

If you have any questions about the study or if you prefer to answer the questions over the phone, I can be reached at 202 223 1500. As always, we appreciate your help and responsiveness.

1. How do adults with cystic fibrosis generally qualify for Medicaid in South Carolina (what are the primary pathways through which they qualify)?

2. It is my understanding that South Carolina does not have a medically needy program for adults with disabilities. Is this correct?

a. If not correct, when did the state implement this coverage option?

b. What is the income eligibility level?

OFFICE OF THE DIRECTOR

Gary Ries

"Aggrav. Sign."

3. It is my understanding that South Carolina covers adults with disabilities up to 100% of poverty (OBRA 1986 option). Is this correct?

4. It is my understanding that South Carolina does not cover individuals receiving state supplementary payments (SSP) only. Is this correct?

a. If not correct, when did the state implement this coverage option?

b. What is the income eligibility level?

5. It is my understanding that South Carolina has a buy-in program for workers with disabilities with incomes up to 250% of poverty. Is this correct?

6. It is my understanding that South Carolina does not have an 1115 waiver to cover childless adults. Is this correct?

a. If not correct, when did the state implement such a waiver?

b. What is the income eligibility level?

c. Is there a cap on enrollment? If so, what is the cap?

7. For FY 2007, are there any proposed changes from the legislature or from within the Medicaid agency that would limit eligibility and enrollment for adults with CF?

If yes, please describe.

If yes, in what way?

_____eliminating eligibility category

_____ lowering income eligibility level
_____ capping enrollment

If yes, have these changes been adopted _____ or are they, in your estimation

Very likely to be adopted _____ or
are they

Likely to be adopted _____ or are
they

Not likely to be adopted _____?

8. For FY 2007, are there any proposed changes from the legislature or from within the Medicaid agency that would expand enrollment for adults with CF?

If yes, please describe.

If yes, in what way?

_____ adding eligibility category
_____ raising eligibility income level
_____ raising enrollment cap

If yes, have these changes been adopted _____ or are they, in your estimation

Very likely to be adopted _____ or
are they

Likely to be adopted _____ or are
they

Not likely to be adopted _____?

9. We are also interested in FY 2008. Are you aware of anticipated policy changes that would impact eligibility for adults with

cystic fibrosis.

10. Are there any other changes in Medicaid that are likely to take place in the next year or two that might adversely affect adults with CF gaining and retaining Medicaid eligibility? No Yes

If yes, please explain.

1. How do adults with cystic fibrosis generally qualify for Medicaid in South Carolina (what are the primary pathways through which they qualify)?

Answer: Generally, they can apply for Medicaid through our Aged,

247
to close
Jhe!
9/26

Blind and Disabled (ABD) Program. If the individual is not aged (65 or older) blind or has been declared disabled, they must be determined totally and permanently disabled according to the Social Security Administration rules. In addition to these criteria, they must also be determined financially and non-financially (i. e. resident of S.C., citizenship, etc.) eligible for the ABD Program.

2. It is my understanding that South Carolina does not have a medically needy program for adults with disabilities. Is this correct?

Yes, this is correct.

a. If not correct, when did the state implement this coverage option?

b. What is the income eligibility level?

3. It is my understanding that South Carolina covers adults with disabilities up to 100% of poverty (OBRA 1986 option). Is this correct?
Yes.

4. It is my understanding that South Carolina does not cover individuals receiving state supplementary payments (SSP) only. Is this correct?
Yes, this is correct.

a. If not correct, when did the state implement this coverage option?
