SCHAC:

I want to make this disclaimer before any addressing issues. I am not harassing or intimidating anyone at SCHAC or the governor office because of false claims already have been made. I provided each SCHAC Board Members with certified letters that included a packet of information regarding my complaint against SCDEW, SCBCB and Gov. Haley Office but have not receive a response from them.

I am requesting that SCHAC Board provide a response to the issues that was addressed in the letter regarding the operation of SCHAC.
