**Subject:** State of Union

Governor Haley this is Jack Logan Founder of Put Down The Guns Now Young People Organization in South Carolina. I want to know if I can attend your final State of Union on January 11 2017. You are my favorite Governor and you have achieved all your goals. I and my organization have worked hard in our state to protect little children like Jacob Hall from being hurt by gun violence. We believe in the second amendment. Please allow me to attend. This would make my day. 8643031030
