Meredith,

I return to the office on Wednesday. Please communicate with Rep Erickson and Long with any updates and actions being taken.

Thank you,
Katherine

As presented by correspondence from other members of the General Assembly we want to get in front of the education process for new businesses. In many cases, we've been able to work with segments of different industries as best we can to alleviate issues. I'm hopeful we can do the same with this situation. I'll give you a call on Monday to let you know where we are. I hope you have a great weekend.

Since this is a relatively new industry, it seems prudent to educate our SC business owners, advise them on how the charges fall into our tax code and make our expectation clear that proper accounting and the associated remittance of taxes will be expected from now forward.
