**South Carolina State Parks**

at 15:50:04 on 7/22/2014 UTC · 🌐

It's a bird, it's a plane....it's a spotted eagle ray! Here's another cool sighting from the Myrtle Beach State Park pier this weekend. Our park interpreter captured this photo and some visitors even saw it jump out of the water! This fellow was about 5 feet across. These rays can grow up to 9 feet across. You just never know what might appear from the pier!
