Subject: Assistant to the Governor Follow-Up

Dear Katherine and Nicole,

Thank you again for giving me your time this past Friday. I truly enjoyed getting to hear more about the Governor's Office and the Assistant to the Governor position. Since our meeting, I have had the chance to think further about the position and feel as though I would be a great fit for what you all are looking for. I am extremely interested in pursuing this opportunity.

One of my strongest takeaways from our meeting were the character traits needed to serve the Governor as her Assistant and Travel Aide. I have been thinking a lot about confidence, diligence, commitment and loyalty and understand how big a part they play in this role. I have also had the chance to reflect on past experiences that have grown my personal confidence and required a significant amount of diligence, commitment and loyalty. During my time serving the Columbia community through USC Dance Marathon, I had the opportunity to lead and fully manage the largest and most successful student-led philanthropic organization at Carolina by exemplifying those same characteristics and more.

During my time job searching I have realized how important finding meaning and purpose in a position is to me. I truly believe I would find joy in the opportunity to serve Governor Haley and the state of South Carolina in this significant way. Additionally, I appreciate your transparency with the amount of work and time the job entails. I feel as though this is the perfect time in my life to begin a position with high demands because of the flexibility I currently have in my personal life. I am capable of committing as much as it takes to this work if I were to be seen as the best candidate to do so.

Thank you again for your time and consideration. I wish you the best of luck during this recruiting process!

Best,
Abby Scott
