

February 3, 2016

The Honorable Nikki R Haley  
Office of the Governor  
1205 Pendleton Street  
Columbia, South Carolina 29201

Dear Honorable Mrs. Haley,

My name is Chloe Griffith and I am a fifth grader at Huntington Christian School in Huntington Beach, CA. In fifth grade we do a state project and I am doing South Carolina. I have searched your states travel website and it looks beautiful. I have never been to South Carolina but last summer I was in North Carolina for the USKids World Golf Championship that was fun.

I was hoping you could share some of your ideas and thoughts on why you love your state and any other information that might be useful in my report and project. I will be in Florida next month and I am trying to talk my mom and dad to driving up to the state line at least to take a picture of me by a sign, I bet my teacher would love that and maybe get extra credit.

Thank you for taking the time out of your busy day to read my letter I appreciate it and hope you have a wonderful day.

Sincerely,

A handwritten signature in cursive script that reads "Chloe" followed by a small heart symbol.

Chloe Griffith
