Good Morning. I'm attempting to book a reservation online using a promo code but no where on the Order Details or checkout page do I see a location to enter the promo code. Could you tell me where this information is entered?

The promo code for 25% off cabins was only valid for yesterday, Dec 22.

Not at the moment. I left it at home. lol. But I will soon. I was trying to verify I could book a site with the code and my gift card. Or if I had to call. I will send it as soon as I get back

I believe the code was for 30% off in our park store, but send it to me when you get a moment and we'll get it figured out. Thanks!
