**Subject:** Guesstimate of FY2014 Awards

Tommy,

While we are currently without an Aging Program Director, Please let us know what we can expect as far as programmatic data that we need to have pulled together for the OOA over the next few months, for example, will the State require a full 4-year area plan for FY2014 – 2018 or will they require an update to the current plan? Is the State fairly certain that we will need to go out for bids in January? We want to stay on top of the information that we need to provide.

Also, our Finance Director will be working on budget projections For FY2014 very soon and wanted me to find out if you all Feel that our funding for next year will likely remain at/near the Level that it currently is or is there a feel that we might not Have some current-year monies next year?

Thank you.  
Carolyn
