Hi Tony!

Diana asked if we could agree to a no-cost extension to our I/R&A contract. They would like to extend the contract until March 31st. I think that is great but want to assure you are fine with that. In addition, she also asked if they could bill a partial bill of 8500 now. If that is okay, she asked to whom the bill should go. Please let me know your thoughts on this.

Thanks ;-)

Sue
