Thanks, Seanna. Even though you've delivered us bad news, you're still our favorite AP reporter named Seanna.

Thanks, but no. A, that's a Facebook post. And B, you may have noticed that we haven't done more than a NewsNow on unemployment numbers in a while. Unless there's a huge swing, we've been asked to keep reporting on the monthly number short. The AP generally wants just one major national article on the state numbers. Today's main article is on unemployment numbers in the swing states, which includes North Carolina, but obviously not South Carolina.
