**Subject:** Logistics Economy, Electronic Payments, Reducing Recidivism

---

## Leading the Way in the Logistics Economy

Kentucky is a leading state for logistics--the transport of goods from point of origin to point of consumption. With the growth of e-commerce and the expansion of Kentucky's auto industry, the state has been able to parlay its infrastructure assets and prime location into billions of dollars in investments from some of the biggest players in logistics.

## CSG Report Explores Electronic Payment Trends in States

The number of transactions conducted with credit and debit cards has grown steadily in the U.S. over the last decade. This trend has caused U.S. governments to encourage their agencies to use electronic payment methods even as the agencies continue to accommodate cash and check payments.

## Reducing Recidivism: States Deliver Results

The National Reentry Resource Center and the CSG Justice Center issued Reducing Recidivism: States Deliver Results, an infographic that spotlights multiyear declines in 11 states' reincarceration rates along with some of the complex strategies at work in these states, including efforts supported by federal investment through the Second Chance Act.
