

Dear Govern/ Ombudsman

I'm getting ready to be release within a couple of months. I have heard for years that the government has money put up to help those, who want to go back to school or start a business. In the term of a government grant or loan for the people to use for help. I have tried many time to get a government grant and coming up empty handed. I have ask and call and wrote those who was said to know about getting a government grant. Still with no luck at all. I'm writing this letter hoping for help to get my business started. I do not want to be park of the revving door again more were a person get out of prison to go right back in within a year or two. It would be nice to get the information I need.

P.S.

when release I'll

be living at 105 Lucky lane
