Dear Governor Haley,

My name is Sumire Osaki and I am a fifth grader at Springhill Elementary School. I am researching South Carolina and need information about South Carolina history, geography and places to visit. I would appreciate it if you could send this information by January 20, 2015

The reason I picked South Carolina is I love to go there, my family is there and I love learning about new things that we can do together.

Thank you for your help I look forward to receiving this information.

Sincerely,

Sumire Osaki
