Dear Friends:

You may have heard by now that Dr. Susan A. Winsor, President of Aiken Technical College (ATC), will retire on July 1, 2016. Dr. Winsor, who became ATC's fourth president in September 1999, has been the President for more than 16 years and has worked within the South Carolina Technical College System for 30 years.

During her years as President, she oversaw the development and implementation of more than 20 academic programs, constructed four academic buildings and completed several significant building renovations.

Dr. Winsor has also worked with regional business and industry to develop needed programs to fulfill workforce needs and to provide quality employment opportunities for ATC graduates.

She served her community in many ways by participating in the Aiken Rotary Club, Aiken Chamber of Commerce, SRS Community Reuse Organization, and numerous community initiatives..

In honor of Dr. Winsor's extraordinary achievements over the past 16 years at ATC, a group of community leaders, peers and friends are creating a scholarship endowment for ATC students in her name. The Susan A. Winsor Scholarship Endowment will support a student each year that excels in and outside of class in spite of personal challenging circumstances.

The Aiken Technical College Foundation received seed money from two very generous donors to establish this endowment.

Please join us in contributing to this special fund in honor of Dr. Winsor and the remarkable opportunities she has created for Aiken Technical College and its students.

Sincerely,
