In reference: ERIC KEITH STEPHEN. He was born to William Keith Stephen & Miriam Annette Hardy on October 3, 1973. His mothers address, which is his address at the present is 4191 N Brewington Road, Manning, SC 29102. He is married to Michelle Lynn Cordts Hurkes born 4-12-1978. They were married in 8-26-2010 In Grand Forks, ND. William Keith is deceased and Miriam is now married to Ashley Boatwright. They were recently audited.

Upon talking and listening to Eric on 1-31-2016, he stated that he has not filed taxes in 20 plus years and that he always claimed a lot of dependents. He has 5 children and has never had custody of none of them. They range from 23 years old to 2 1/2 . The 2/ ½ year old was removed from Eric and Michelle in early 2014.

The dates of their births Are:

7-6-1992

11-3-1994

7-2-1997

10-7-1999

7-30-2013

He is working at a paper mill in Georgetown, SC, making good money as a welder. He is supposedly staying in a camper near 2629 N Fraser St in Georgetown SC 29440. His cell phone number is 803-410-4117.

I have nothing to gain by turning him in, except that I have seen him get away with so much stuff and he thinks he is smarter than the system, whatever system it is. He has proven that to be a fact in some cases. For instance he is wearing a tracking device and goes where he wants to. He has outstanding charges in Manning SC, county of Clarendon. He will continue to blind-side the government unless he is lucky enough for the IRS to turn their heads too.

His wife has had 5 children. The father of the first one has him. She gave her 8 month old girl away and the courts in SC took the last three away from her in 2014.

I am afraid to disclose who I am because I am afraid of repercussions from him. He holds grudges and pays back.

I am a law abiding tax paying citizen. And have filed and paid my taxes my entire life. I think it's wrong that people like Eric Stephen make it harder for our country. I will know if the IRS pursues this matter and I pray that they will. He was just bragging that he is paying his attorney \$1000.00 a week, plus child support, plus a loan his mother took out to get him out of jail. And he still has money to live on. So, the IRS should be able to get something out of him.

Thank you for considering this matter.
