Dear Chaney:

I hope you are holding up ok! I also live in South Carolina (on IOP). I work for Yahoo News with Katie Couric and was writing to ask if Governor Haley would consider doing an interview tomorrow at 1pmet to give us an update on the state of South Carolina. If she can't get to a camera, we can do this via skype or on the phone.

Thanks for considering.

Yahoo News has the largest web news audience in the world. The show is co-hosted by Katie Couric and Bianna Golodryga weekdays at 1pmet.

Warm Regards,

Betsy Goldman
