Nickey you are one of the worst

I have ever known . Why I nick named you tricky Nicky . Rants and raves you mean facts and truth . They are rant and raves to you because you will side with anyone if it serves Nicky Maxys interest . You are a back stabbed and back slapper and why I work with another x friend of your Peter B who's intelligence and integrity you will never equal . Glad you brought up this so called private party that was in fact a Nikki Haley fund raiser that Cathy and I paid for and supported her and was kicked out and money refunded for my fight with this chamber who was attending that you and others wanted to silence me from asking any political questions . Steve carb who owned this facility when I called him was shocked that they had police there and talking about a man who was going to crash a party . This was insane and save for another day . This was the day I knew you were no good and could never be trusted nor capable of being a trusted friend to anyone you could not get a favor from .

Nickey you and Bill

Miles are perfect for each other. You both have smiles on your face and hands in as many pockets as you can . You are both masters at the Art of deception . The funny part is many smart people see thru this and why you both will never really succeed and always struggle in the world you live in . I feel for your family and suggest you look in the mirror and ask do you really like the person you see . You have to live with yourself not me .

Nicky you will never equal the respect and business career I have had for 40 yrs . You are simply one of these type people who want to try and beat down someone who has achieved more success than you , versus congratulate them for their achievements. You toss out words that are baseless . So I leave you with ,come back to me with one thing I represent that is not true and factual on both Lisa sulka and Bill miles that I have said ? If you can't I suggest you shut your mouth and go back to trying to earn an honest living for your family .You are over your head . Just like in the past I have tried to guide you on your business dealings like building a 10 m house and told you it will never work . You did not listen and you went broke because of it . So you need to listen to me now you are over your head .

I have bced a few people out of respect that I am sure will

Call you to tell you the same as we keep your mouth shut if you have nothing nice or factual to say .

You seriously sent this to all these people? What we discussed didn't go anywhere. I was merely trying to help you and maybe put an end to your radical ranting and raving. Just do me a favor. Don't call me, text me, or email me. I should have learned my lesson the last time when you tried to attend a private party and law enforcement had to get involved. I honestly feel sorry for your sweet wife!

Nickey what I own or don't own is private . Now if you and Bill have a proposal to settle all send it . No games please . I think Bill is fully aware this is all coming to an end . Hilton head chamber needs to become a real chamber like the Bluffton chamber . This is a good start

We need to meet with all Mayors and Gov Haley to fix this . It simply will not be allowed to continue . Thx

You need to have a serious talk with Bill miles .... You both are over your head . Thx

Omg. I called you several hours after the text. After I actually got to thinking about a possible resolution. I had no idea you sold [Hh.com](http://Hh.com) which I thought was a good idea for you.

Old saying no good deed goes unpunished.

FYI. I never see or talk to bill miles. Last time was when I saw him on election night and the other time was when our family went back to our old church at first Baptist. So no conspiracy skip. I asked the question so I could propose a solution then realized it would not work.

No dog in the race. I should have known better

If

I suggest a meeting with all of us and ask Gov Haley to get involved in this very serious situation. There is only one way and that's the right way. I will pay for all the experts, lawyers, accountants to fix it all. If we don't we are headed for huge problems for many, which does not include me or my team of professionals. Thx

Nickey in response to your text below, you simply do not understand the facts. Yes many are concerned about many things and Bill miles running a non profit chamber being paid 400k, 1.7 m home and now a whistle blower says a 2 m home in nc is concerning. All this will be cleaned up. It all has to do with corruption, violations, abuse to others and waste of public monies. Bill and Lisa are not above the law, just like you and I. This has nothing to do with friendship, church, children growing up or any thing else. One of the big problems we have being a small town in incestuous relationships as reason to justify and allow corruption. Truth and facts only make you look bad to people who are wanting to avoid facts and escape justice. I give a darn what anyone thinks that has hurt and abused others. You need to accept reality which you seem to have a hard time with! I understand you however because it's not easy understanding all of this and easy to get emotional when fiends are involved.

I enjoy our cutting up, but don't want to see you shoot yourself in the foot being deceived and lied to by others. If Bill and Lisa are so great and innocent then they must prove it. Ronald Reagan said trust but verify?

What shocked me about this email is you calling me to get info from me on a local company I sold and never told me you were friends with both them. It now seems you have elected to be a co conspirator with them. I do not appreciate that deception and never really trusted you and why I gave you all facts and truth so you and your life long friends could not use anything against me as I expose them and seek justice.

Yes you may negotiate all this with Bill on a settlement including Lisa Sulka. Here is what I want. Bill miles does an audit going back 5 yrs voluntarily, adds proper provisions to the contract with David Bennett not Steve Riley, Bills friend. Bill stops selling advertising and becomes a true chamber and separate DMO much more later. Bill agrees to become just the HHI chamber and get out of Bluffton

Lisa sulka and Marc Orlando will make a public apology . Lisa will either sell equal amount of memberships for the greater Bluffton chamber which I am a proud member of , or pays them a cash settlement for same amount sold for Bill miles . Lisa as futher punishment agrees to recognize the greater bluffing chamber as the official chamber for Bluffton . Lisa ask her buddy Bill miles to leave town , only 1 chamber per city not 2 like the entire USA does it.

Bluffton chamber

Beaufort chamber

Hardeville chamber

Hilton head chamber

Charleston chamber

Etc etc never 2 chambers . Lisa sulka has a lot to learn .

There is more this is good start !

I have no clue about bill or Debbie's home in NC and will not ask anyone. I understand you have Business issues with bill but in my opinion trying to attack him and his family over their home is a personal attack. Bill and his family have been our friends since our children were small and have grown up together and go to church together. The personal attacks such as the one on Lisa Sulka helped her more than it hurt and make you look really bad. It may be time to move on and do more hunting and fishing. As you know I like to joke and cut up and this is just going to far.
