This is from heels and I asked her if I could share this with you. She said yes and we also be attending the meeting next week. I have added Chad Fuller to this email as he is our public relations officer and is working on a press release for ABATE.

She is very involved in the sport bike community and has just volunteered to be our state secretary.

This is not the position of ABATE but wanted to help as this will be a big issue just because of so many opposing views. Do you want me to continue forwarding opinions as I get them?

Ralph

Respectfully, if you don't mind I would like you to see the Voices of the Bikers.

I have collectively been working with the Bikers from across the Country who come to the area for Bike Week, and they're looking to me as to what are we going to.

I would like to share with you where we're at (enclosed please read our letter).....I do NOT want my level of commitment and involvement to be being a Biker to negatively impact anything that I would desire to do with ABATE, but Respectfully at the end of the day, I am a Proud BIKER and Citizen of South Carolina and collectively we as bikers bring forth too much revenue to the economy of South Carolina to continue to be dismissed as if we do NOT have a Right or a Voice

Respectfully, Violet
