Christian,

Just wanted to bring this to your attention. FYI, please see attached.

Thanks,

Hal

Subject: SLIGP Proposed Language - Connect South Carolina

Good evening, Hal,

I wanted to update you that I managed to connect with Tom Fletcher, Deputy Director for DSIT this week. His Team is leading the SLIGP application development to support the FirstNet efforts in SC. Attached for your records is a copy of the proposed language I supplied to Tom this morning outlining every possible way we could envision that Connect South Carolina could support the state's priorities. Additionally, we have a call scheduled with them for 9:00 am Thursday morning to discuss the Outreach & Education components and to better scope out a budget for any assistance we could offer to support those activities.

I just wanted to keep you in the loop here and hope that we can identify and appropriate role to support the state's FirstNet planning efforts. Don't hesitate to let me know if you have any questions.

Best,

C
