---

I've left messages with Allen and Hutto. Hopefully I will hear back from them today.

Rankin can meet with us on the first day of session. I will send him an email and cc: you on it.

Massey – we need to have a larger conversation with him.

So I noticed that Hutto may be here today and Allen may be here tomorrow. Seems like we should reach out to Hutto or have Massey talk to him about ethics? And I know you've reached out to Allen already. Are you planning to meet with Allen tomorrow?
