---

I responded to his questions as I was instructed. Of course, one question always leads to more. Please understand that I cannot say "No comment." Here's what he wants to know:

1. Are there restrictions on a Temp alcohol license? I told him that it was good for 6 months and that I didn't believe it was restricted, but that I would double-check.
2. If the hearing upholds the suspension, is the Temp alcohol license suspended and if so, how quickly?
3. On what legal basis are we refusing to issue the driver a regular DL when a suspension has been dismissed? Is it because we are filing a motion or appeal and the process isn't finished yet? He said he doesn't want to say that DMV is ignoring the ALC's court order.
4. Do we know how many of these drivers have a temp alcohol license or can we guess on a percentage? I told him I didn't think I could those figures and we don't like to guess.
5. Do our appeals and motions go to a regular ALC judge?
6. Has the ALC ruled on any appeals? If so, how many and to what outcome?
7. Are the 1800 or so implied consent cases that were dismissed last year a concern for public safety? Is the Dept concerned about it? Did we appeal any of these cases? Do we know now many got their licenses back? I told him I may not be able to get all of this information.
8. What is DMV's position on the actions of the ALC? He said he's getting a sense that is was a feud. I didn't answer the question directly as he asked it. I simply stated that we work with local, state and federal agencies on a regular basis and we work with these agencies to find solutions any issue.
9. Why did DMV ask for hearings to be moved to the ALC? I told him it really didn't fit within the agency's mission. He asked if it was Marcia's idea to move hearings to the ALC. I told him she presented it. He asked if it was her decision. I told him no. She merely presented the idea and other officials supported it. He didn't ask who supported it.
10. Who is sponsoring the bill?
