The Department of Education sent us this today.

I do not believe Calhoun Academy of the Arts is currently participating in CEP. This information is being updated as school starts, so I will double check next week to see if there has been an update. The information I have is current as of this morning.

Ok, thank you! I was just curious how the whole school could qualify for the CEP and it not be based on the individual.

How does the CEP apply to all children at Calhoun? This is a question Meghan has at the pharmacy.
