Message:

We are christians and believe in helping people, but this is not a good decision to bring these people over here, we can't seem to help our own people with health, homes, food, education, jobs, so why bring more here under the name of christian mission work. After the people are here and are educated, feed, healed, housed, and trained for free they will turn against us just like every other time, can we not learn! Help our people first, stop giving our seniors and our childrens benefits away. Charity begins at home!!!!
