Subject: A Note From The Common Application

You've made a difference in a student's education - and we want to take a moment to say thank you!

Many students can find the process of applying to and choosing a college quite daunting. If you are receiving this email, you have, at some point over the last academic year, provided a recommendation using the Common App. Your involvement was a key step in helping your students achieve their goals. We want to take a moment to recognize your tireless yet critical work, and thank you for all that you do as counselors, advisors, mentors, and teachers to guide and support students!

Thank you again for all your support over the last year, and always. Your dedication to your craft and commitment to your students is an inspiration. We couldn't do what we do without you.

Sincerely,

Your friends at The Common Application
