Subject: CNN profile on the gov

---

Hey guys,

We were playing phone tag last night but wanted to check in. I was asked to write a profile of the governor in light of this new SOTU response news. Digital wants it to be a pretty deep dive, looking at her rise in politics, the past year, etc. Obviously, I would love to talk to the governor herself for this- I was thinking that maybe after the forum this Saturday? If not, perhaps over the phone? And could we also arrange a call with Tim? Let me know what we can do. Deadline is posting by Saturday AM, so would really like to talk to Tim today. I know Rob is the gateway to Tim (I've heard he's not great answer his phone haha) so let me know what works for you guys. Thanks.
